Volume XXV11

The year 1980 filled

Marion Center was on the right track. Mean anything to you? Maybe not, but, pardon the pun, in our train of thought it did! For instance; how about the track system that everyone followed to choose his courses, such as Home Economics, Vocational Agriculture, College Preparatory, Business, etc. Or, on the other hand, what about the noisy B&O train that interrupted our classes almost daily. We liked to think we were starting the 80's **On the Right Track** especially with our newly built track and football team. So, dear reader, all aboard for **Centerama 1980** and have a nice journey.

regular anticipated homework, sometimes

On August 28, 1979, classes at Marion Center got underway once again after a very short summer vacation. Students descended from the buses with mixed emotions. Most agreed the summer was too short and would much rather have been lying in the sun, taking it easy, while others couldn't wait to get back to new classes, new teachers, and possibly new classmates. Then there were the scared few who weren't quite sure what to expect. After just a few weeks things were rolling right along as scheduled. Each day seemed pretty much like the next with homework, tests and "cramming." Then from October 28, to October 31, 1979 our yard was under inspection as we were invaded by the Middle States Evaluation Team.

Above Right: Students who attended the Journalism Workshop at Ohio University, June 24-29, 1979, were Sean Eddy, Lonetta Weiss, Karen Douglas, and Carla Steele.

Below Right: A normal everyday Voc. Ag. class! Right Well, these students are laying a cement floor in a barn they built.

Above: Lorrie Lightcap starts off everyone's morning by making some important announcements.

Right: Some senior girls start off the year in a class called Jazz Dancing instead of gym class.

boring classes, but
with unexpected ...

Left: Maurine Atkinson, Mary Jo Banks, and Peg Houston were among those students present at the welcoming dinner Sunday, October 28, 1979, for the Middle States Evaluation Team.

Below: Some seniors were glad to receive their Senior pictures from Cover Studios on September 11, 1979, after what some thought was a long summer's wait.

Above Left: A new sport started this year is football. Many members spend the nice weather warming up.

Left: Getting our new track and football field ready is hard work; even the gym classes come out to pick stones.

thrills and excitement and at the end of

Through the year the monotony of school was broken by parades, assemblies, occasional movies, field trips, and other various functions. Even though some teachers didn't enjoy the prospect of "losing their class." They sometimes made up for our free time by loading us with additional amounts of homework that we thought would never end. We did finish it and spent the rest of our leisure time just "hanging out" with friends or maybe with that one special person. We got so wrapped up in our daily routines that we didn't see the months fly by or the seasons change. Then we finally realized that it wasn't **September** or **October** or **November** but **May**, and we were getting closer to our destination. After all the turns, switches, and "railroading" we'd been through during the year, we did indeed find ourselves on the right track.

Above Right: Students enjoy the pleasures of being in a club as they "chow down" at the Latin Club Banquet.

Below Right: Kim Short and Lori Reith look forward to a taste of college life. Kim, Lori, and Mr. John Petrosky attended a Symposium at Penn State, November 4-6, 1979.

Right: Missy Bothell, Sean Eddy, Robbie Yellonis, and Brett Simpson convey mixed emotions about being on the Scholastic Quiz program at WJAC-TV.

Above: To us, a sign of approaching fall was the bulletin board in the IMC of Charlie the scarecrow decorated by Robin Dunlop and Jan Lomrock.

The 1979-80 School Board had quite an undertaking when those members agreed to try football on a one-year trial basis, according to Plan B. That date was August 1, 1979.

Then, at the March 1980 meeting the Board appointed Dr. James L. Cook to the newly created position of District Superintendent for the school district. He became a member of the Superintendent's staff effective July 1, 1980. Between these two dates (October 28-31, 1979 to be exact) the Board hosted the Middle States Evaluation Team.

Congratulations had to be accorded Supt. Dr. John R. Mallino, High School Principal Mr. Robert L. Stewart, and Assistant High School Principal Mr. Everett Dembosky for keeping us on the right track. We doff our caps, gentlemen!

teachers participated in the annual Talent for Tots Show too. Our teachers and administrators did common things, uncommonly well. Some had a sense of elegance, a certain flare. They were educators!

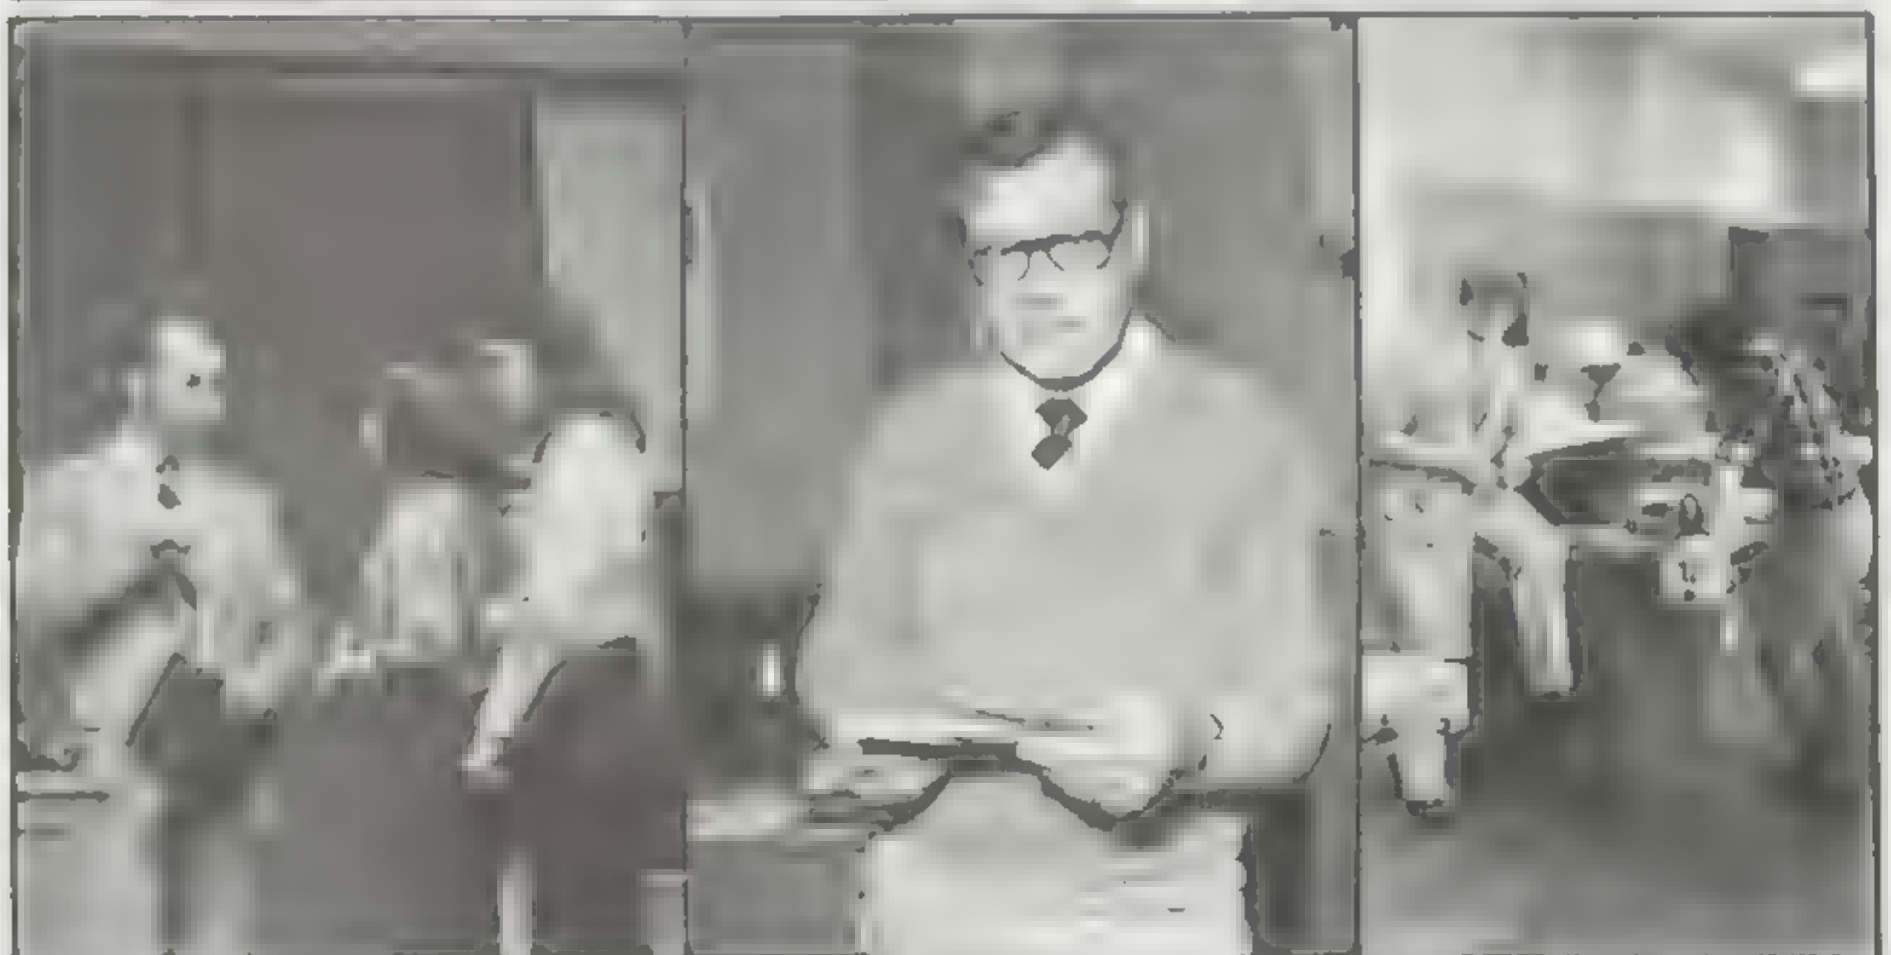

Teacher's Prayer

*I want to teach my students how - To live this life on earth -
 To face its struggles and its days - And to improve their world -
 Not just the house in a back - Nor how the rivers flow -
 But how to choose the proper path - Whichever they may go -
 And gather all the beauty of - A flower and a way -
 And if I help the world to grow - To wisdom and in grace -
 Then I shall feel that I have won - A -
 And so I ask your guidance, God -
 For character and confidence.*

Many had charisma to inspire us on to more interesting and greater challenges. They functioned with a dignity that commanded respect from both peers and students.

Faculty

Excellence, dignity and professionalism were just a few of the characteristics that described them. As Dr. Samuel Johnson once said: "Example is more efficacious than precept."

 Gatty supervised by M.

From IUP the student teachers converged upon us. They enriched our music, economics and English departments. With them they quickly got on the track and were on their way to becoming teachers. Their Supervisors were their "leaders" the ones that lead them right to their destinations. They all seemed to cross the tracks because they had smiling faces at the end of the line. When they were told to go, they were proud of their accomplishments and ready to be fed. We would miss them.

"All aboard!" The chaperones yelled as many screaming students boarded those big yellow buses and headed for Indiana. Where were they going? You guess it! The Indiana Skating Center. With wheels as the mode of transportation we made tracks around the floor. Some of us were lucky enough to keep all eight wheels under us - others went sliding around on our backs and butts!

Along with all the fun, the clubs and groups which conducted these skating parties made money! On October 31, 1979, the Class of 1980 made \$2,500.00. On December 12, 1979, they raised \$78.00. The biggest clear profit was collected (\$441.55) by Class of 1980 on February 13, 1980, the annual St. Valentine's Skating Party.

Popp's Traveling Troupe

The Middle States Evaluation is very time consuming. As a result, no musical was presented this year. However, Mrs. Margaret Popp's Tragedy Class did manage to find time to prepare and present a children's play. The primary aged children in the school. The first step along the way to this production was to choose a play. The decision was to audition people to see who was best. Since the people were from the first class people were chosen for their al character. The third step was to get a reading circle for the play. The fourth step was blocking. The fifth step was the rehearsal. The sixth step was the production. The seventh step was the production. The eighth step was the production. The ninth step was the production. The tenth step was the production. The eleventh step was the production. The twelfth step was the production. The thirteenth step was the production. The fourteenth step was the production. Develop Dandy Duos!!

Men versus donkeys — that's right — men versus donkeys!! The donkey basketball game scheduled at Marion Center on November 16, 1979, was sponsored by Varsity Club. It put the seniors against the alumni members of that organization. The evening was filled with laughs, thrills, spills, and fun galore! Players on both teams had their problems moving the stubborn donkeys toward the basket. They had trouble staying on the donkeys from time to time. Of course, this brought much laughter from the fans. Donkey Basketball had often been called the "world's funniest sport." It combined elements of the circus, the rodeo, and basketball. It was a source of laughter from the time the players attempted to climb on the donkeys until the final whistle sounded. New rodeo stars were born during the November 16 game. Out of nowhere came new heroes of the circus world. Of course, the new found stars were only the local riders, but the thrills they received and gave the fans were not to be forgotten!

Far Left: Sharon Hauck's donkey seems to be wild! Hold tight!

MC's Band Front That's Who!

Leading MC's Band wasn't easy, any Band Front member could verify that! After being chosen in early spring, the girls began practice that would last all summer. They practiced for many parades and pregame shows. Consisting of seven rifles, nine color guard members, one drum majorette, and a squad of silk members, these girls worked to perfection.

Not much was said when Marion Center's band front approached. People just stood back and watched the perfect precision of 40 girls leading MC's band.

Senior High Majorettes place third at Johnstown

Twirl With Pride

The long year for the Sr. High Majorettes began with grueling try-out practices. There were fourteen girls trying-out and only eight were to make it. After weeks of learning routines, twirls, tosses and making up their own individual routines they had try-outs. The lucky eight were chosen and their work had really just begun. With new advisers Miss Sandra Kinter, Mrs. Doris Bush and Mrs. Patti Miller the Sr. High majorettes performed all summer long with the band, did half-time for basketball games and had various fund raising activities. The highlight of the year was participating in the Cambria County Majorette Contest on March 28, 1980, where the girls took third place. They also hosted the Indiana County Contest on April 2. When the year passed quicker than they anticipated, the girls knew they were well behind them.

Super!!!

High majorettes made a big step forward up the tracks to reach the top. The first change they made was the formation of two Jr. High squads. One marched with the Cadet Band and did halftime shows. The other squad marched with the Cadet Band and did halftime shows and participated in the annual Aloha Jolly Mosey Majorette Contest held on October 1, 1979. The girls made a fine performance placing fifth in the Jr. High Division. Along with all of that, both squads helped in various sales with the High Majorettes such as the Valet Day Candy raffle and various popcorn sales. The Jr. High squads also took on a new conductor Miss Sandra Kinter who kept the squads in line throughout the long trying year. Each girl had made a definite improvement in their wirling ability. The girls really had what it took to be super!

Jazz Rock Ensemble

Jazz/Rock is More Than Just Music

The members of the Jazz Rock Ensemble began their meeting Monday morning, and with the help of the Talents for Tots Show, they loved it. The members were all true musicians. Before the members practiced, they had a chance to sing a favorite song. The popular songs of the time were "Cool Change," "Follow You, Follow Me," and "A Little Bit." Between the songs, they chose a few songs to present. The popular songs of the time were "Cool Change," "Follow You, Follow Me," and "A Little Bit." The True Portrayal of Chorus

Above Senior Chorus members are Row One [names], Row Two [names], Row Three [names], Row Four [names]

Members of the Senior High Chorus showed the talents of their annual performance of the Christmas Concert held on December 9, 1979. The young sopranos and altos performed such songs as *Calypso Christmas* and *Carol of the Bells*. The members practiced until each note rang loud and clear. And when the school year came to a close they were decidedly content, . . . and hoarse.

The Senior Chorus may have been limited in number, but they excelled in spirit and talent. The group always performed to its finest. Mendelssohn's *Leeds* could be heard flowing from Room 41. This proved the fact that Senior Chorus practiced hard from the very beginning of the year. They were on the ball from start to finish, making sure everything was as M.C. expected it — Ter-ni-fic!

The Top Notes On The Scale

The top notes on our music scale kept our whistles blowing as they went to the top in music. Some of the students who went to the annual competition. First there was County Chorus, the District Chorus, and the Regents. The students sang and did the same great job. They went to the Band, then District Band, and then Regional Band. For a lot of them it took hours of practice and hard work which sometimes meant going over the same parts again and again until they got them right. But it was worth it. No matter how many mistakes were made, practice the music until it was perfectly at the concert. As the notes, not only kept our whistles blowing, they kept the notes ringing as we

Stage Band and Stage Crew

Fuels to Feed Our Flames!

Another round complete. The Stage Band and Stage Crew were the "fuel for the fire" that kept us chug-a-lug-a-lug-a-lug through the school year. The Stage Band played the burning flame at our pep games, dances and assemblies, by striking up peppy tunes to captivate everyone. Conductor Keith Bloom made sure the Band's flame was never doused. Stage Crew members were responsible for the set-up of props and certain sound and lighting equipment. They helped with the props for the Talent for Tots show and helped the band "Pie Driver" set up for the March 7 dance. The crew was in the middle of all after school social events and various other activities. It was soon proved that Chief Engineer Marjorie Popp had kept her Stage Crew on the "Right Track" throughout the school year.

Members of the MC Stage Crew are Richard Canton, Standing: Robert McLean, Mary Prothero, Loretta Weiss, Randy Krylusa, and Eric Morash.

MC's Book Worms and Wizards!

During National Reading Week, November 1-16, IMC club members could be distinguished from others with their "U.S. Reading Team" buttons signifying their membership to the club. The members helped the students find the unabridged books for book reports, and were courteous when they asked for books, magazines and whatever else they desperately needed (Everybody waited till the last minute to work on their research) along with the ordinary tasks of stamping and shelving books.

The AV Wizards made sure that projectors were distributed when the students had the chance to watch a film instead of listening to the monotonous drone of their teachers. Members of IMC and AV were repaid at their annual Christmas party with all the scrumptious cookies and sandwiches they could eat. Their grab bag prizes varied from dog treats and autographed toilet paper, to wigs and stuffed animals.

Look and see who Tim Mallory's snuggler is.

Tim Mallory's snuggler is a large stuffed animal.

Varsity Club Members Shine

They thought they could, and they did. They participated in various sports, earned varsity letters for their efforts, and became Varsity Club members. Once they were in the club they continued to shine. Whether participating in sports or club events they did their jobs and did them well. Varsity club activities included selling (incognito as Coke bottles), sponsored a key basketball game on November 9, 1979, held an alumni game on March 24, 1980, ran the concession stand during home games, and purchased drink machines placed in the gym lobby. Proceeds from these activities went towards purchasing jackets for members. This year's officers were Missy Both, President, Jeanne Kunkle, Vice President, Sharon Hauck, Secretary, Tom Wilde, Treasurer.

The Future Business Leaders of America followed their state and national theme by "Keeping in touch with the business of America." They involved themselves in various activities such as Project: Seeing eye dog fund, sponsoring Lt. Robin Crusoe, U.S.N. for the body in February, listening to several speakers during club meetings. This year, attending the Regional Leadership Conference, held at High School on March 8, 1980, and the State Leadership Conference held in Lancaster April 27, 28, and 29, 1980, sponsoring a dinner on March 31, 1980, inviting area's business people, and a banquet in the Spring. The officers for the year were President Karen Douglas, Vice President Lori Bothell, Recording Secretary Jeannette Fox, Corresponding Secretary Sandy Douglas, Treasurer Linda Weaver, and Photographer Ben Donahoe.

Right: Tom Wilde, Treasurer, Varsity Club, stands in front of the Varsity Club banner. Far Right: Varsity Club members perform their Safety Club crossing duty. He is saying, "What!! No!! Some H.C.?"

Safety Club

Safety Club
Alias
Ted's Angels

Once upon a time there was a king and a queen. They had three children. The first child was a boy, the second a girl, and the third a boy. The king and queen loved their children very much. One day the king and queen were sitting on the throne. The first child came in and said, 'I have found a magic ring. It can make me invisible.' The king and queen were very surprised. They asked the child to show them the ring. The child took out a small ring and showed it to them. The king and queen were very happy. They gave the child a lot of money and the child went home. The second child came in and said, 'I have found a magic dress. It can make me invisible.' The king and queen were very surprised. They asked the child to show them the dress. The child took out a small dress and showed it to them. The king and queen were very happy. They gave the child a lot of money and the child went home. The third child came in and said, 'I have found a magic sword. It can make me invisible.' The king and queen were very surprised. They asked the child to show them the sword. The child took out a small sword and showed it to them. The king and queen were very happy. They gave the child a lot of money and the child went home.

Of course this job did have fringe benefits getting out of eighth period at 2:10 p.m. daily, being served doughnuts and hot chocolate every Friday.

Latin Lives Today

Latin Club, sponsored by Mrs. Elizabeth Gorman, contributed a great deal to the students' over-balanced diets with her annual bake sales and two fundraisers. On April 23, 1980, members took a field trip to Pittsburgh to visit several places including the Cathedral of Learning, Mason-Weaver Memorial Chapel, the Sri Venkateswara Temple, the Avary and the Zoo. Latin club members may have had to lug in lots of food, but they believed that it was worth it.

FFA...

The FFA was a busy group, believe you me! Besides the regular meetings, the members had a frozen food sale and a homecoming dance. They also had trips to the state fair and to the county fair.

The Sr FFA also participated. They went to the State Fair. Many FFA members took part in the county judging contest in County and went on to the State Fair.

The 41st Annual FFA Banquet was held at the Deleces Restaurant on March 14, 1994. Guest speaker was Mr. [redacted] South Central State Vice President. FFA

founded group would work next to the FFA. Many Alumni meetings have been held at the Banquet

FFA members worked all year to serve their school and community!!

Looking Back On All The Old Tracks

The 1979-80 Junior and Senior members were combined because of a lack of membership. They met regularly and had Greg, Libby, and the president, Mrs. Marlene Mize. Mrs. Mize is the President. Mr. Richard Mize is the Vice President. The Secretary is Betty Young. The Treasurer is Mel's Recording Secretary, and the Recording Secretary is a lady named Sew. They work on a very special project.

This project was to make a book. It has been a long time since the book was last published. It is only one book in the series. The book is called "The Mize Family."

Jr. National Honor Society Wise Ones Win

In both Junior and Senior National Honor Society students in grades eight through twelve were first checked in the guidance office for a 3.2 overall average. If they met this scholastic qualification and satisfied the requirement of being a student in our school for at least one semester, their names were given to the faculty for further consideration. They must have been rated by at least five teachers who had taught them sometime during the prior two years. The faculty judged the prospective members on leadership, character, and service. Citizenship was used as an additional qualification for the Junior National Honor Society. If the candidates received an average of 3.0 or better and a possible 4.0 by at least five teachers they were inducted.

Our train of thought was common to a result of our years of work. As the 1979-80 yearbook staff prepared to record the year's many activities, we knew it would take some hard work. Tracking down the facts was just one of the many tasks.

Preparing a book that was both interesting and stimulating was a challenge. It was a good one! How could we make it better? We did have nerves of steel. Our first name was Steele, Carla Steele.

On the Right Track. We had never before us. Our editor, a student and photographer, met us every day. We had nightmares. We were. Mary Prothero would be the first to name in captions. The yearbook was not we had, but it was worth it!!

After chugging up hills, down h through the meadows and over the stream the MC cross country team came to the line with 6 wins and 4 losses

This year the boys welcomed the lone girl competitor Norma Fisher who followed in the footsteps of last year's Darla White. Norma finished her season with several first, second, and third place winnings and did a commendable job all year long.

Each year the team was invited to participate in the District V meet. This year Steve Edwards and Dave Whitesel finished fifth and eighth with outstanding performances. Tom Widen, Ray Goss, and Howard Adams made up the rest of the team as they reached their final destination with the help of coach George Krivonick.

We've got what it takes

Members of MC JV Girls' Basketball Team had what it took to get a 13-1 record this season. MC's JV team met the Wacoals at Homer Center for their single season game. The girls lost to the Wacoals by a score of 18-26. They got back on the winning track next game at Homer Center by beating them with 7 points. The JV team's success was due to hard practices and determination. MC's JV Bees were on their way up to Varsity!

1. H_2O is a polar molecule. It has a bent shape, with the oxygen atom at the vertex and the hydrogen atoms at the ends of the bonds. The oxygen atom is more electronegative than the hydrogen atoms, so it pulls the shared electrons closer to itself. This creates a partial negative charge on the oxygen atom and a partial positive charge on the hydrogen atoms. The resulting dipole moment is represented by a vector pointing from the hydrogen atoms towards the oxygen atom.

New Conductor

The 1979-80 JV Basketball team got a full head of steam this year with a brand new coach; Robert Rado got the JV Basketball wheels turning once again at MC with the help of assistant coach Mr. Don Seabor. The JV team reached its destination with a 14 win and 8 loss season record. The team played well as a whole; however, there were a few outstanding areas. Fred Glasser and Mike Krivanick were the top scorers on the team that led them to many wins. The record, of course, wouldn't have been so good without the rebounding defense which was led by Mike Krivanick and Blaine Edwards. It was very evident that both coaches were proud of their season as they said, "JV displayed some size and rebounding ability." And were also proud to say, "Many sophomores and freshman saw plenty of action."

MC Wrestling —

Above: Members of the Varsity and JV Wrestling Teams are. Standing: Coach John Bomboy, Manager Greg

Williams, Rick Ventile, John E. Veeman, Glenn Park

Kneeling: Bill Ferringer, Dave Fulton, Gene Shiff, Weaver, Russ Ferringer, and Jim Land

Below:

Inserts:

Coaches John Bomboy and Alex Zbur led a short-handed varsity wrestling team to an incredible 13-5 record this year, which in itself set two new records — 13 wins in a season and 5 consecutive winning seasons.

Counting the 12 to 24 points given up by forfeit in every match, they outscored opponents 585 to 492 — 585 team points in a season also sets a new school record and without the forfeit allowed only 12 points. The team placed third in the Belwood Holiday Tournament, where Bill Ferringer, Brian Weaver, and Jay Cornman came out on top in their weight classes, and placed first in the Appalachian Conference Tournament where Bill Ferringer, Brian Weaver and Jamie Smith were the best in their weight classes.

All wrestlers — Bill Ferringer, R. Weaver, and Jamie Smith were named to the Appalachian Conference All Star team and three — Bill Ferringer, Bill Ferringer, and Brian Weaver — were named to the Indiana Evening Gazette All Star team where honorable mentions were also given to Dave Fulton, Jamie Smith, and Jay Cornman, and Mr. John Bomboy was named Coach of the Year.

The short-handedness was not limited to the varsity team. With only four wrestlers, Mr. Bomboy's JV team played only exhibition matches. Two wrestlers, Dave Gandolfi and Dave Coe, also wrestled for the varsity.

But records were made to be broken. With a little help in the heavyweight classes next year Coach Bomboy could break the records he set this year.

MC Stingrays

Before the season started, our daily routine consisted mainly of practicing from 7:30 to 9:00 p.m. At times we thought the real competition would never start. When it finally did, both Stingray teams — boys and girls — proved that practice does make perfect! Our girl Stingrays showed great improvement from the previous years and finished the regular season with a 6-7 record. Our male divers on Stingrays finished the regular season with an 11-1 record.

After the regular season ended, it was time for District competition. Our girls finished third out of eighteen teams, and our guys finished fourth out of twelve teams. Many records (9 of 10) were broken by both teams. MC's Mr. James Cooper was named District Coach of the Year. A new arrival on the MC scene was swimmer, Bob Peterson, a transfer student from Shannock Valley, who quickly moved into the spotlight and swam magnificently in every meet. After winning at districts, Dennis Fulmer, Jon Hitchings, Kevin Neal, Bob Peterson, Brett Simpson, Denny Simpson (alt.), and Dave Whitesel went on to compete at states.

Members of Boys' Stingrays are: Sitting: Charles Deabenderfer, Dave Whitesel, Danny Shaffer, Kevin Neal, Bob Peterson, Brett Simpson, Denny Simpson (alt.), Jon Hitchings, Coach James Cooper. Standing: Kevin Neal, Dave Hulten, Brett Simpson, Robert Peterson, Dennis Fulmer, Jon Hitchings, Coach James Cooper.

Girls' Softball

The girls' softball team showed everyone that girls could compete in sports and be as successful as boys. They were successful in many ways. They may be the only team in the area that went to the state tournament. They had put in a lot of work for the new season. They were the first team in the area of girls' softball. They had a good season. The new coaches were Mrs. Barbara A. and Don DeMarines and Mr. David Morris. Even though they weren't experienced as softball coaches, they proved themselves valuable to our team. The team finished the season with a 14-6 record. In order to get this record the team had to win games such as Indiana and Salisbury. Missy Bothe was the first softball player to receive a trophy. She was named "Most Valuable Girls' Softball Player."

MC Stingers

Out of 31 Baseball players, only 17 of them toughed it out, and stayed on the team. The Stingers started off the season with a slow start. With 7 new rookies and they had to learn new and. The weather wasn't much in favor of the Stingers. Quite a few games were canceled because of rain. Toward the end of the season the weather finally shaped up and the Stingers made a comeback to finish off with a record of 6 wins - 9 losses. The coach coached again this year, but he had a helper, Manager Thomas P. Lambing. Blaine Jeabenderler was named **PLAYER OF THE YEAR**. Blaine was the MC Annual Sports. The Stingers agreed they had a good season and they looked forward to another.

Duquesne Coach Speaks At Annual Banquet

McCann To MC's Football Pioneers — 'It'll Be Tough'

By JIM PANE
Gazette Sports Writer

Marion Center High School, kickoff to its initial varsity and junior varsity football seasons just a coin toss away, could not have chosen a better man to speak at its annual all-sports banquet on Wednesday. His name is Dan McCann, and in 10 years he brought the football program at Duquesne University from club to NCAA Division III status.

"My hat's off to you for all your hard work, and I know you're going to have a great football team," McCann told students and friends of Marion Center athletes at Rustic Lodge. "But you're still going to have some rough roads ahead. All I can say is that when things get tough, just keep digging a little deeper."

McCann speaks from experience. In 1969, 28 years after Duquesne suspended its once powerhouse football program because of World War II, he began a club squad on the Bluff. In 1979 that club sport finally got university

backing and a varsity status.

Things were not always easy during those 10 years, and McCann can remember intra-squad scrimmages with just 17 players. But he also remembers Nov. 20, 1973 — he recalls the exact date — when the Dukes' 29-man team won the national championship against a 65-player outfit.

Hard work, to which McCann will attest, does pay off.

Today, as Marion Center's first ever football coach, Joe Marx has a task similar to McCann's of 1969. "The ball's in (Marx's) corner now," said McCann. "I hope he can take off and run with it."

Marx, who boldly accepted the challenge to pioneer MC's venture on the gridiron, also gladly accepted McCann's advice and encouragement and extended a Sept. 22 invitation to the some 200 persons in the Rustic Lodge banquet hall.

"That's when we'll play our first JV game against Purchase Line," he proudly announced. The Stinger varsity will not make its debut until 1982,

when it will travel to Johnstown's Point Stadium to play Bishop McCort.

"I just want you to promise me one thing," McCann said. "The first time you're undefeated, I'd like you to invite me back to speak at your banquet."

This was an all-sports banquet, after all, and sports other than football were discussed. Athletes were presented with their varsity and junior varsity letters, and special awards were given.

Included among those student athletes who received special trophies were Tom Wilden, most valuable track star; Missy Bothel, most valuable girls' softball player; Blaine Deabenderfer, most valuable baseball player; Steve Edwards and Dave Whitesel, most valuable harriers (cross country); Jeannie Kunkle, record-setting javelin thrower; Debbi Lezanic, record-setting triple jumper; Sandy Hornsbeck, record-setting one- and two-miler; Julie Ann Irwin, record-setting 400-meter runner, and the record-setting one-mile relay team of Irwin, Norma Fisher, Linda Richardson and Ruth Black.

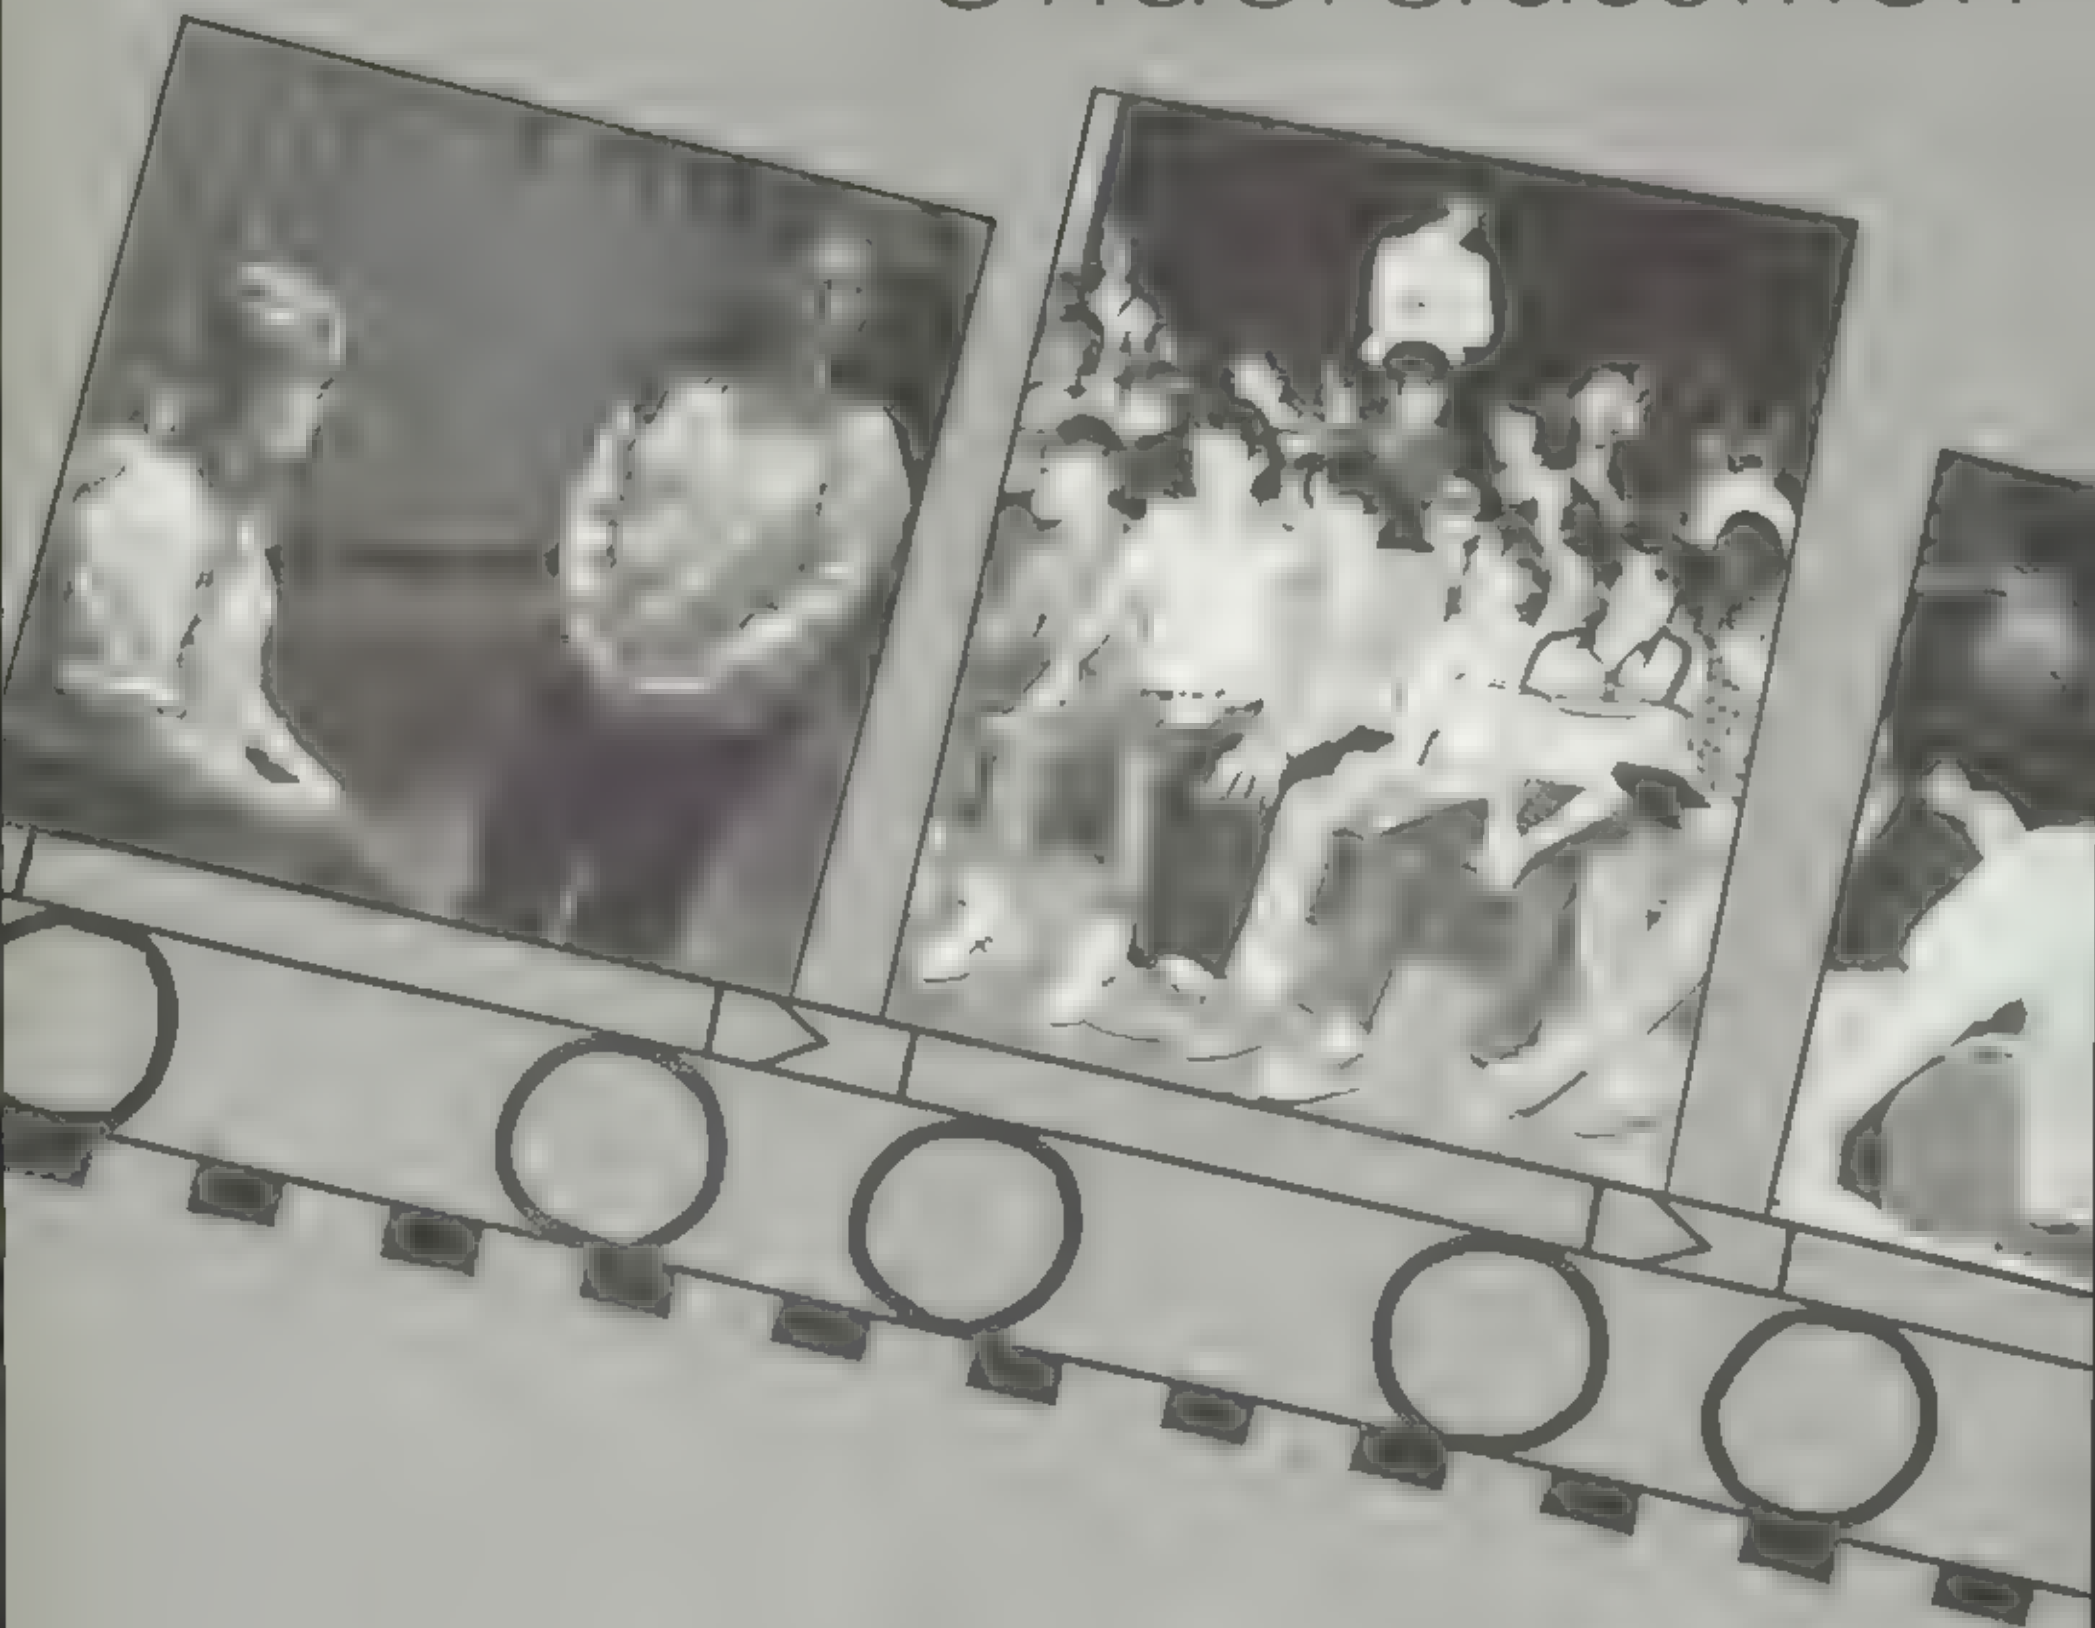

STINGER DIGNITARIES — Two Marion Center coaches and head Duquesne University football coach Dan McCann pose with two Stinger athletes at MC's annual All-Sports Banquet at the Rustic Lodge on Wednesday. Standing from left are John Bamboy, outstanding wres-

ting coach of the area, and senior athletes Miss Bothel and Tom Wilden, and seated, from left, are Jim Cooper, outstanding swimming coach of District 6, and guest speaker McCann.

Risking the Ride on the Right Rail!

It all started the morning of August 14, 1980, when 204 seventh graders gathered in the high school gymnasium for the beginning of homerooms. These seventh graders had different kinds of things going through their minds. Some boys were getting used to the school, forgetting their old friends, and making new friends. Some were wondering if their new teachers would like them, and the thoughts of all those responsibilities that would soon be added on to them made them quite nervous.

The first couple of days were pretty fast and before they knew it they were in the **hohum** of the high school. Soon they had the first class meeting when nominations were made for class officers. Wood, Sam, Laessle, Holly, Scott, and Rick DeMott were chosen to keep the Class of 1985 on the right track in 1980!

VEEP SIDETRACKED BY INJURY

What's a fella to do? Just selected vice president of a class of 204 seventh graders, Sam Dolessio broke his leg which put him out of school for the rest of the year.

Sam fell and broke his left lower leg on October 17, 1979 at his uncle's place in Beyer. He had to have two operations and have two plates with four screws put into the growth part of his left leg.

While out he was tutored by Mrs. Beverly Clevor of Plumville.

When asked what he missed the most Sam replied, "My friends." Sam had one large disadvantage in being laid up. He couldn't get out! We could say that Sam was sidetracked, while everyone else was on the right track!!

Sam is the son of Mr. and Mrs. Sam Dolessio of Plumville.

Sam's friends got together and had a party for him on Super Bowl Sunday. The people who attended printed their names on miniature footballs and presented them to him as mementoes of the occasion.

Sam's room is decorated with Steeler cars, tee shirts, towels and pennants. Hopefully, Sam will be able to return to school for the 1980-81 season.

Building Up Steam

Would the members of the class ever arrive?? Many of them got here soon enough, while others arrived one day at a time.

Eighth grade wasn't anything new. As eighth graders there were many things to be taken and more things to experience. Reading *The Pearl*, compiling a short story book, reading books in report and being exposed to the way of the world. For Mr. Anslinger were a few of the English requirements. All of them were made in Home Ec. and lampshade made in Industrial Arts.

But classes weren't everything. Eighth graders elected their class officers in September and got busy doing what they could. Under the guidance of Mrs. Anslinger, the class of '84 participated in the magazine sale, *What a hectic week!* Everywhere one turned there were bumper or Steeler hats. Mugs and other items were popular premiums also. The sale costed the eighth grade economy by \$1700.00. Besides classes and fund raisers there were skating parties, assemblies and other games to attend.

1984 won't come soon enough for some eighth graders. If they could survive four more years of intramurals, bus rides, teachers, lunch, skating parties, snowball battles, freedrills, food fights, and all the activities of school, they would deserve a fantastic 1984!

TRACK DOWN 1981!

As we ride the roller coaster of life, we know it was not a year to be forgotten! Our journey was filled with challenges and triumphs. We faced the future with courage and determination. We were ready for anything. We received a great experience. It was a very difficult journey. Dating is a challenge. It is a roller coaster. And almost always a good one. A roller coaster we will endure. The journey on Mount Rushmore was quite so bad. We did not want to get...

This One's For You, Doc!

Many of you probably would agree that the staff of Centeroma would be a good example of a page that is a real "one of a kind." The staff is a real "one of a kind" because it is a staff that is made up of people who are all "one of a kind."

Dr. James L. Cook is a man who is always seemed to be in a hurry to get where he was going.

He is a man who is always seemed to be in a hurry to get where he was going. He is a man who is always seemed to be in a hurry to get where he was going. He is a man who is always seemed to be in a hurry to get where he was going.

Chilly
Days

And

Frosty
Nights

Top: ... and to have a white Christmas after all. Left: ... storm. Above: Rain, GO AWAY! Below: ...

Through rain, snow, sleet or hail MC students Kept on, Keepin' on.

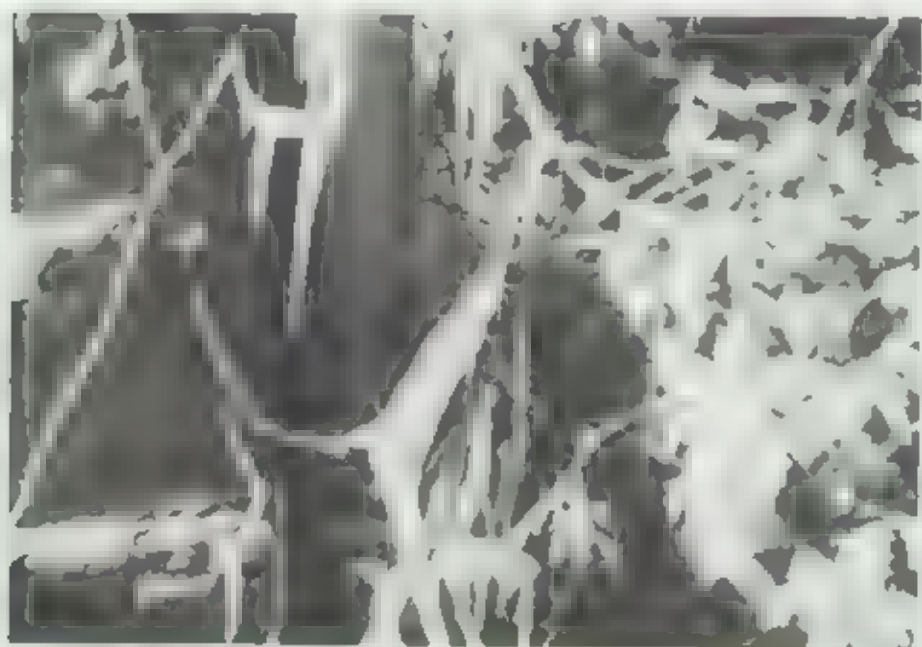

This year had many people ... winter would never come. Temperatures ... between the 40s and 50s in December.

Punxsutawney Phil told us on February 2nd we would have six more weeks of winter. ... think this was true. No wonder. We ... had any Winter, all Winter long. The ... were proven wrong, for not soon after Groundhog Day we had our first real snow storm. Old Mother Nature (or was it old man winter??) dropped six inches of snow on us. Some states to the south of ... got more.

We missed two days of school ... of snow and icy roads. It was nice we had snow days already built into our school calendar.

Even through Chilly Days and Frosty Nights, we made it through 1979 and looked ahead to the 80s.

Little Hitches in the School Year

Sitting in a classroom period after period we thought that nothing would ever happen. But every once in a while as we were there listening to a teacher or doing our assignments something would happen! at the time when we least expected it, the fire alarm would ring and that always meant going outside. Sometimes it was there but other times it wasn't. We had a Bomb Scare on January 11, 1980, and things got pretty scary. Other times would halt as if to allow the motives to pass in front of the some lucky kids would leave early or an interrupted or early departure athletic event.

We could always count on being interrupted in 4th, 5th, or 6th periods because some people took too long to eat. Assemblies, class meetings, and let's not forget those Evaluators gave us an interlude of

We enjoyed all the inter for we knew that classwork and teachers would be there forever. These little hitches in the school year made our journey interesting.

wisely

Indiana or Punxsutawney. Usually when anyone said the names of those two schools it would stir up a spark of hatred in most MC students because of the rivalry between MC, Indiana, and Punxsy ever since anyone could remember. But it was in the towns of Indiana or Punxsy where we spent most of our free time. You could always find some MC students at interschool athletic events, parades, and at the local hangouts like McDonalds, Indiana Skate Center, Bob's Pizza, any one of the theaters, or the big shopping malls in Indiana. In Punxsy you could find some kids hanging out behind downtown Murphy's, the Arcade or Joe's Drive In. Some kids even went so far as to go to the Lanark in Yatesburg to have a good time on a Saturday night. No matter where we went we would always run into some students from different high schools. Some we got along with and some we didn't but when we were in town we tried to leave the sensation of rivalry back at school.

We not only had a lot of fun at school we also had a lot of fun at home. Every so often we had an assembly scheduled to cheer on one team or another. The assembly to inform us on a certain topic. And if by chance a class started to get boring there were usually some kids in there to quickly make it a lot less boring.

You would think with all the time we spent out with our friends that we didn't have time to get our homework done. Well, homework kept us on track. We did the work assigned but we knew when it was time to relax.

Ease On Down The Road

Enforcement of strict driving rules, over \$1.00 in sales tax for whatever the reason was it cars less and ride the school more. A few years ago the student practically full but since the had been enforced or rise many students left the rode the bus to school. But to most buses weren't just something in which we to school. We used the time as a study hour, rest hour, or a social hour. The mornings were usually very quiet. We our sleep, doing the home done the night before or studying for an all important test. But going home was a different story. The bus was usually buzzing with sound of music playing find out what happened in who who was the item of the day. This year different interruptions there were a times that we missed school. On 1979 the day we were supposed to return school after Thanksgiving vacation we missed school because it was discovered that someone had painted our bus windows with black paint. January 14, 1980, we missed school because of icy roads. Except for a couple of detours we just eased on down the road right past the last day of school.

The FINAL SPIKE

For the members of the class of 1980 the final spike had been driven. When we skidded to a stop at the end of the line we experienced some sad farewells as we split to go our separate ways.

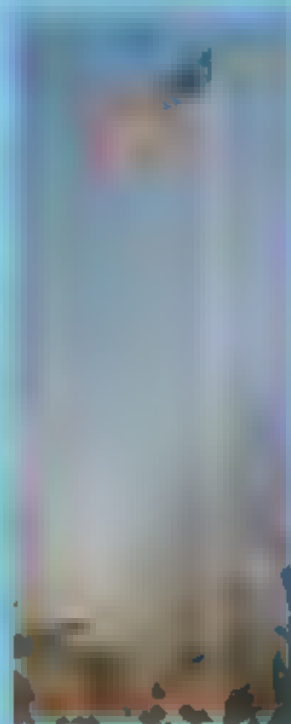

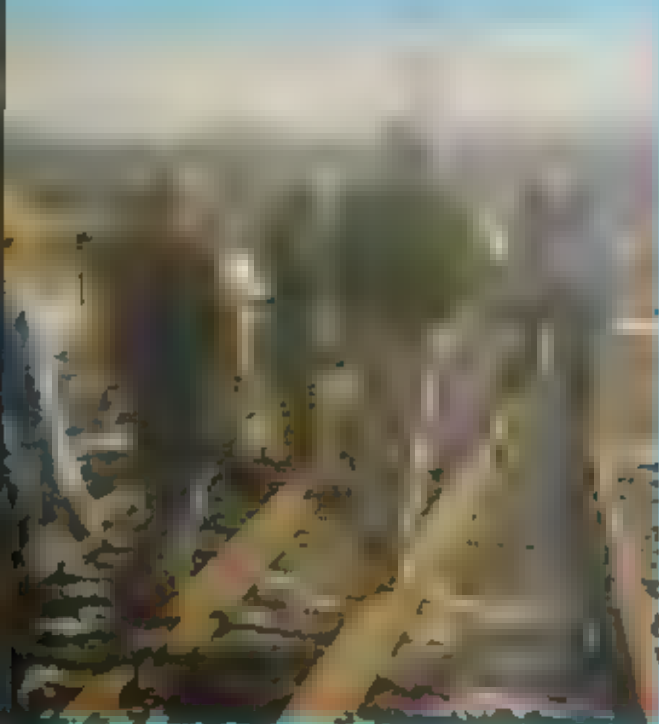

As we reflected on our high school years we remembered the happy times and bore in our minds the sadness of several occasions. These had been our growing years. We had learned a lot from teachers, but we had also learned a lot on our own.

As seventh graders we were scared and half the time we didn't know where we were going. We asked for directions, but that didn't always help.

In a few short years we thought we had it all down pat, then in our sophomore year they side-tracked us. The track system! We were confused again! We were always running to the guidance office for help until we finally got ourselves on the right track at last!

Much to everyone's surprise we actually reached our destination. We reassembled ourselves into new ways of life — with newly established destinations. New challenges were encountered, new signs heeded.

We could make our dreams reality. We could go, do, and be — we could LIVE!

Above: These seniors are definitely on the right track as they track back to class after getting their picture taken. Right: Just as the American flag does we too, the class of 1980 stand proud.

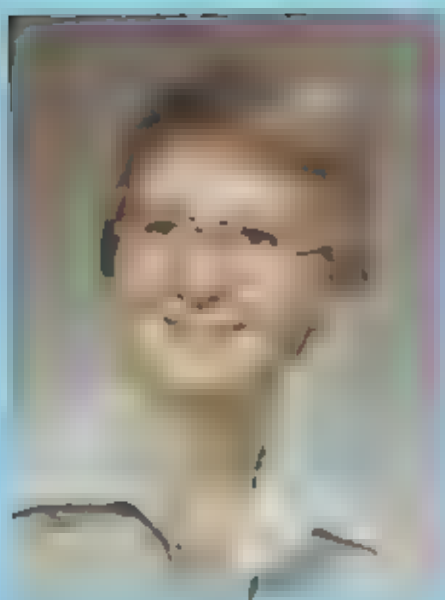

Above: Peg Houston solves away at the endless task of stamping skating party tickets. Right: Dale Shick poses for his senior picture. Come on Dale, smile. It can't be *that* bad.

Above: Swim Coach James Cooper gives Hedwig Van Mierlo a pep talk. D. Simonson

Two foreign exchange students joined our senior class, Hedwig Van Mierlo of Peer Belgium and Eva-Lena Lohi of Jönköping, Sweden. They found an American home with Dr. and Mrs. Eugene B. Shaffer of Creek side. Hedwig was a 1979 graduate of Het Instituut Agnetendal of Belgium. Hedwig told us, "It was an all girls school. We had to wear uniforms and study 3 hours a day after school." Hedwig, the daughter of Mr. Richard Van Mierlo, had two older brothers, ages 20 and 23. She enjoyed participating on the competitive swim team at MC. She did many things in her spare time. Her hobbies were traveling and reading, especially by a few favorite authors. Hedwig will always have the memories of MC in her mind, especially the swim team. Hedwig planned to continue her education by going to college, studying to become a interpreter or a translator.

Eva-Lena Lohi, the daughter of Mr. and Mrs. Aarne Lohi, had three sisters, two older and one younger, ages 15, 22, and 28. She graduated from the Per Brahe Gymnasium High School in Sweden. Eva says she

much harder and they go longer hours than here at MC. Also, in Sweden there was more emphasis on homework. She had more tests than we had at MC. They did not have sports in school. Students there had to go to clubs or organizations after school. Eva participated in the following activities while here at MC: Track and Field. She was also a reporter for the Yellow Jacket. She enjoyed skiing in the siam, horseback riding, reading once in a while, ice skating, traveling and just being with her friends. Eva also learned to roller skate the hard way at our senior skating parties. Her plans for the future included college, but she said she might work for a year when she returned home. She added "I'm so grateful that I came to MC, I will always remember in particular the students and teachers at MC who have been very nice and helpful to me. I'm grateful to be an exchange student. It has been a great experience."

We were privileged to have Hedwig and Eva with us even for so brief a sojourn. They were our passport to Belgium and Sweden!

where w is the weight of the input x and b is the bias. The output y is then passed through an activation function σ to produce the final output z . The activation function σ is defined as:

$$z = \sigma(y) = \sigma(wx + b)$$

The output z is then used to calculate the loss L using the mean squared error (MSE) function:

$$L = \frac{1}{2} \sum_{i=1}^n (y_i - z_i)^2$$

The loss L is then used to calculate the gradient of the loss with respect to the weights w and bias b using the chain rule. The gradient of the loss with respect to the weights w is given by:

$$\frac{\partial L}{\partial w} = \sum_{i=1}^n (y_i - z_i) \sigma'(y_i) x_i$$

The gradient of the loss with respect to the bias b is given by:

$$\frac{\partial L}{\partial b} = \sum_{i=1}^n (y_i - z_i) \sigma'(y_i)$$

The gradients are then used to update the weights w and bias b using the gradient descent algorithm. The updated weights w and bias b are then used to calculate the output z for the next iteration.

Vespers A Light at The End of The Tunnel

On Monday, May 14, 1990, the students of the Holy Trinity School of the Sacred Heart celebrated the graduation of the Class of 1990. The ceremony was held in the gymnasium of the school. The students were dressed in their formal attire. The ceremony was presided over by Rev. Fr. Thomas, who gave the invocation. The principal, Mr. [Name], gave the opening remarks. The students then performed a play. The play was about the life of St. Francis. The students were very talented and their performance was excellent. The ceremony ended with a prayer by Rev. Fr. Thomas. The students then received their diplomas. The ceremony was a very successful one and the students were very proud of their accomplishments.

The Class of '80 has been a very successful one. They have achieved many accomplishments and are now moving on to the next stage of their lives. The Rainbow Connection is a testament to their hard work and dedication. The class has been a source of pride for the school and the community. They have made a name for themselves and are now ready to take on the world. The Rainbow Connection is a symbol of hope and dreams. It is a reminder that no matter what challenges you face, you can overcome them. The class of '80 is a testament to the power of teamwork and perseverance. They have shown us that with hard work and determination, anything is possible. The Rainbow Connection is a source of inspiration for all of us. It is a reminder that we can all achieve our dreams if we only try hard enough. The class of '80 is a source of pride for the school and the community. Being Seniors Costs !!

Being a senior did cost! Our senior year started out amid news of various shortages.

For example, we had a shortage of gasoline until the demand for it had caused prices to Skyrocket! The price of gasoline had risen over a dollar a gallon by the year end. It was nearly \$2.00. Our last summer, when the students was over, we had long lines at the gas pumps. Not only did the price of gasoline rise, so did the prices of many other things. Many of our seniors had to find them over the summer so they could save some and have a little extra spending money when they would be then with the expenses of the senior year. The money paid for the senior year was over \$800.00. The seniors had to grow and some had a memory book and a senior year book. This cost most of all the money needed for graduation.

Senior Prom. As the year closed so did our bank accounts! But, oh, what fun!

Even if you're on
the right tracks,
you'll get run over if
you just sit there!!

The class of '80 ran no risk of getting run over! We were always on the move. We belonged to various clubs, many of which we were officers in these clubs. We participated in such things as the Talent Show, the Homecoming parade and decorated the parade float. We were definitely alive and well and we let everyone know it!

Through the years we have been very active in our community. We were definitely alive and well and we let everyone know it!

In Memory

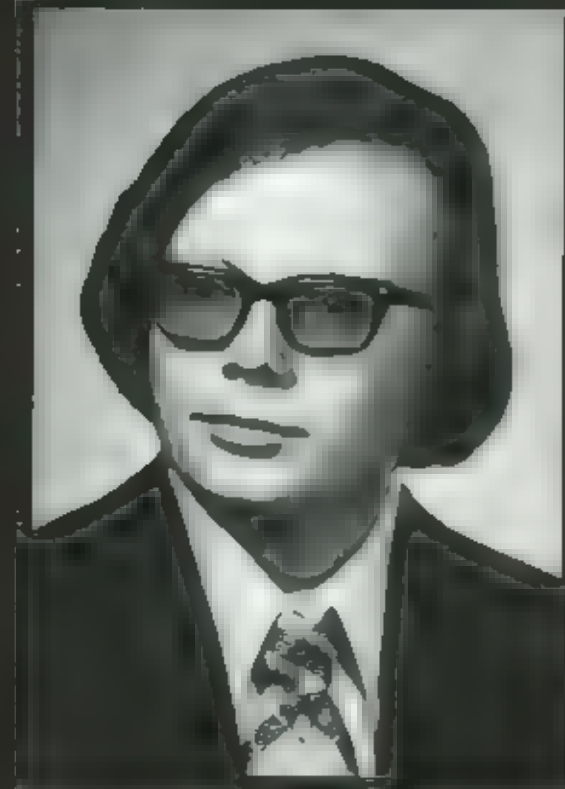

For since by man came death, by
man came also the resurrection of
the dead. For as in Adam all die,
even so in Christ shall all be made
alive.

Corinthians 15:21,22 (KJV)

Samuel E. Adams
Class of '76

December 19, 1955 - August 1, 1979

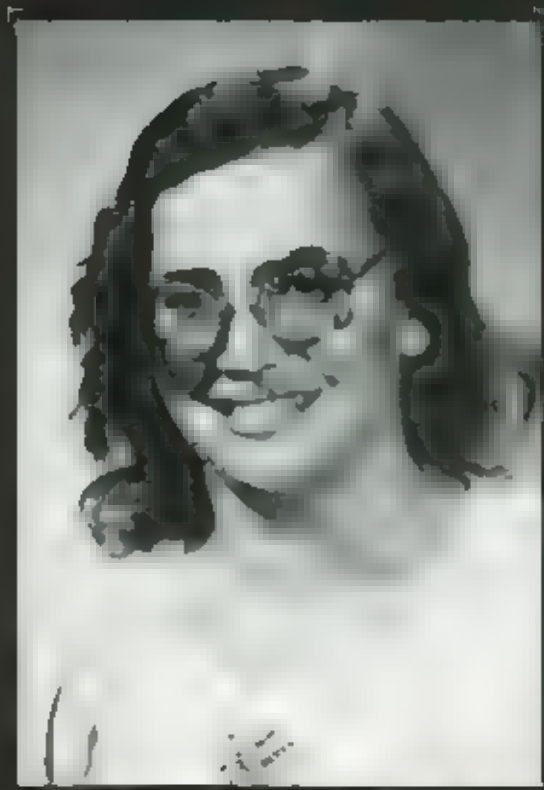

Wilson David Gilber
Class of '75

December 22, 1956 - October 1, 1979

Brenda K. Keener
Class of '83

June 12, 1963 - October 26, 1979

Denise M. Overdorf
Class of '79

August 16, 1961 - September 22, 1979

Mary Lou Weston Overdorf
Class of '78

May 12, 1961 - September 22, 1979

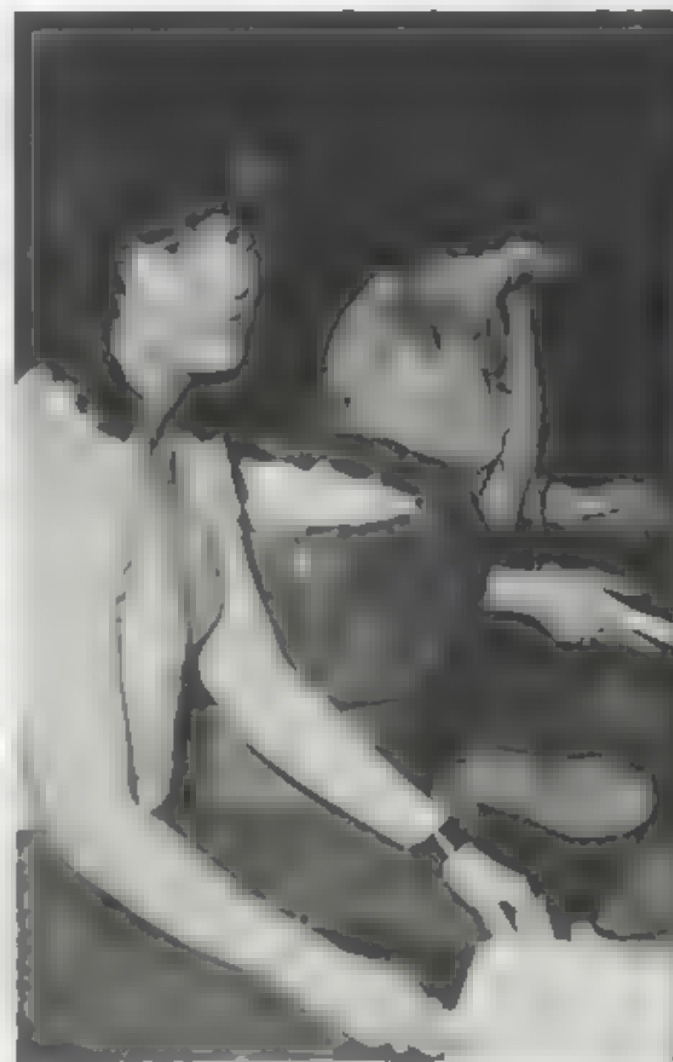

Pauline A. Weston
Class of '79

May 24, 1961 - September 22, 1979

I'm getting out of school
 every day, even

so slowly. We knew then that we weren't far from our destination.

[illegible]
